## BRAZORIA COUNTY PETROCHEMICAL COUNCIL

### ABOUT US

The Brazoria County Petrochemical Council is comprised of more than 30 leading manufacturing and petrochemical companies.

These companies produce thousands that are essential to everyday life. Many of these materials are found in items people rely on daily, including diapers, medical equipment, fuels and electronics.

### SUSTAINABLE CAREERS

Through its member companies, BCPC employs 12,259 direct employees, with 75% residing in Brazoria County. For every direct job created in the industry, another 2.85 jobs are generated, resulting in 39,995 indirect and induced jobs. In 2025, at our BCPC Career Signing Day, 104 graduating seniors from 18 high schools across Brazoria and Matagorda counties signed full-time job offers with contractor companies.

### INVESTING IN OUR COMMUNITY

BCPC member companies help our communities thrive by contributing more than \$24 billion in local spending and volunteering over 35,000 hours with area nonprofits.

BCPC has invested significantly in community resources, including over \$1 million for Brazosport College Welding Lab and over \$200,000 for a new playground made of recycled-plastic at Jetty Park.
