Overview:

If you think you'd enjoy working with our Angels, they attend a program during the weekdays and there are numerous ways to help out and build relationships with them. You could assist in a class like handbells, sketching, choir, arts & crafts, or games. You could set up or serve or clean up for a special event or party, or share your own unique giftedness or skill set. Our facility, located at 3305 Industrial Dr., Pearland, can receive volunteers from 9 AM to 3 PM on Wednesday, Thursday, and Friday. If that interests you, I'll forward an application. It would be good to discuss what you would enjoy most. Teams are carefully selected and trusted to provide the volunteers with the best support and advice to help the volunteers keep safe. Safety Precautions are always in place.

[Must be at least 18 years of age and pass a criminal background check]
